Camps NOW!

# Sportball

## **Half Day Sportball Camps ( 9am -12pm )**

At Sportball holiday camps, we provide the perfect opportunity for the children to have fun and enjoy playing different sports.

Our half day camps provide the opportunity for the children to play sports, games, learn to work in teams, and develop and enhance their physical literacy. Our coaches will focus on the basic skills common to all sports, like balancing, hand-eye coordination, stamina and timing in a fun, supportive, non-competitive setting that emphasizes teamwork.

## **Full Day Camp – Sportball + Future Doctors Camps ( 9am - 3pm ) Lunch Provided.**

For the full day camp program, the afternoon session will feature our “**Future Doctors**” program.

**Future Doctors** is a program specially developed to introduce our children to the field of medicine and the human body. Using an exciting curriculum of interactive demonstrations, activities and games, our curriculum aims to equip each child with knowledge on how our body and organs work and function.

The **Future Doctors** camp program will cover topics including learning about human vital signs and how to read them, treating various injuries, as well as learning about first aid.

Every child will be in a medical scrub, and provided with a stethoscope and medical equipment and devices to make the learning real and fun.

*Note: All children in the program will be given a working stethoscope to take home after the course.*
